

## Technical Inspection and Waiver

**You must have your car inspected and bring this completed form with you to your event.**

Please have this sheet filled out by an automotive service technician; or, if you feel capable in your technical automotive skills, self-tech is acceptable.

Driver: \_\_\_\_\_ Car No: \_\_\_\_\_ Car Make: \_\_\_\_\_  
Car Model: \_\_\_\_\_ Year: \_\_\_\_\_ Color: \_\_\_\_\_

### **Braking System Checks: High temperature racing brake fluid is highly recommended!**

Brake fluid is less than 1 year old  Reservoir is full  Pedal is firm, minimal free play   
Pads are less than 50% worn  No leaking fluid anywhere   
Rotors show no warping, extreme cracking or unusual wear

### **Suspension and Steering Systems:**

Minimal play in steering linkages  Lug nuts are tightened to specification   
Wheels are in good condition  No play in suspension bushings or pivot points   
Tires are no more than 3 years old and have enough tread to safely complete event, 3/32" min

### **Drivetrain Checks:**

Cooling system is full  No coolant leaks  Hoses are in good shape   
Battery is secured  Engine is not actively leaking oil   
Transmission is not leaking and shifts properly  Clutch is operating correctly   
Throttle pedal sweeps and returns with no binding   
No binding or noises on universal or cv joint axles

### **Driver Safety Checks:**

Original OEM seatbelts are in working order Or, a racing harness is properly installed   
I attest that my helmet is a Snell Certified (Year) \_\_\_\_\_

### **Other Checks:**

Windshield has no cracks  Windshield wipers work properly   
Side mirrors are securely mounted  All loose items are removed from the car

**I affirm that I, or another qualified mechanic, has performed the above safety checks and that the car is deemed to be in a condition to be driven on a racetrack on this day indicated below.**
